Farewala: Empowering Local Vendors and Customers

Farewala is a "Vocal for Local" initiative. Leveraging the HERE Maps API, we connect customers with nearby vendors in real time. Our features include live location tracking, route visualization, and geofencing.

Features & Benefits

⊙ Live Map View
Real-time vendor locations with detailed info.

### ⌁ Route Mapping
Displays optimal routes to chosen vendors.

▽ Categorization
Filter vendors by product type: vegetables, fruits, street food.

◎ Geofencing
Customers set search radius for local vendors.

Farewala strengthens the local economy, simplifies vendor discovery, and provides insights for optimizing earnings.

Technology & Vision

1   **Seamless Local Shopping**

Creating an effortless experience for community commerce.

2   **Empowering Small Businesses**

Providing tech-driven solutions for growth.

Future Scope

1   **AI-Based Recommendations**

Personalized vendor suggestions coming soon.

2   **Integrated Payments**

Future integration with payment gateways for ease.
